Our friend and fellow military.com member, Ludwig Stoeckl, NikeAjax. designer and maker of the "Purple Heart Jewel" has been given honorary membership in the Rainbow Division (42nd Infantry Division) Veterans Memorial Foundation. He had previously presented the "Purple Heart Jewel" to the Rainbow Division.

Ludwig is a citizen of Dachau Germany. His thankfulness to the American GIs, especially the famed Rainbow, for liberating the death camp at Dachau is so great that every American could learn from him.

Check out his site:

A listening ear, a caring heart, an open mind and an extended hand may be all I can offer, but it is yours without charge or judgement.
